

Model: 95HBAY/xxx/yy

Where xxx means 824-965 which indicates CRI and color temperature

Where yy means GP-ME-AL which indicates beam distribution

DIMMER COMPATIBILITY 0 - 10V

Brand	Series	Model	Load	Dimmability
Lutron	Diva	DVSTV	960W	OK
	Diva	DVSCTV	1000W	OK
	Nova	NTSTV-DV	960W	OK
Leviton	Illumatech	IP710-DLZ	1200W	8-92%
Legrand	Adorne	ADPD4FBL3P2	700W	7-85%
	Harmony	H4FBL3P	1200W	OK

*GREEN CREATIVE has provided this dimmer switch compatibility chart for guidance when selecting a dimmer and lamp combination. Our lamps were tested for compatibility with the above listed dimmers. Dimmers that do not appear on the chart might still be compatible but have not been tested. All testing has been performed with a stable main supply. The quality of the local main, existing installation and wiring, as well as different manufacturer versions of the above dimmers may affect dimming performance. Since no assurance can be provided regarding these factors, it is a general recommendation to perform a test on-site prior to installing the LED lamps.
